

April Training Agenda

by

IoT Specialists of GAO RFID Inc.

This training program is offered by IoT specialists of GAO RFID Inc. and is a part of TekSummit.

The training sessions are free to all attendees, same as other TekSummit presentations and trainings.

Professional Training Certificates shall be issued at no charge to practising professionals who take the training. University students are welcome to take the training but shall not be offered such certificates.

For any inquiry on GAO's IoT products and services and on this training program, please contact IoT-Specialists@GAORFID.com

Parking Systems Using BLE, Active RFID, UHF & Passive RFID

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Wednesday, April 6, 2022

Access Control Using BLE, Active RFID, UHF & Passive RFID

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Thursday, April 7, 2022

Personnel Tracking Using BLE, Active RFID, UHF & Passive RFID

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Monday, April 11, 2022

BLE for Asset & Personnel Tracking in Healthcare

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Tuesday, April 12, 2022

BLE for Asset & Personnel Tracking in Automotive

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Wednesday, April 13, 2022

Asset Tracking Using BLE, Active RFID, UHF & Passive RFID

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Thursday, April 14, 2022

BLE for Asset & People Tracking in Oil & Gas Industry

By IoT Specialists of GAO RFID Inc.

Targeted Attendees: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Friday, April 15, 2022

Inventory Management Using BLE, Active RFID, UHF & Passive RFID

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Monday, April 18, 2022

BLE for Asset & Personnel Tracking in Food Manufacturing

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Tuesday, April 19, 2022

BLE for Asset & People Tracking in Road Construction

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Wednesday, April 20, 2022

Pet & Livestock Tracking Using BLE, Active RFID, UHF & Passive RFID

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Thursday, April 21, 2022

BLE for Car Rental & Car Sharing

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Friday, April 22, 2022

Vehicle Tracking Using BLE, Active RFID, UHF & Passive RFID

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Monday, April 25, 2022

BLE for Mustering

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Tuesday, April 26, 2022

BLE for Tool Tracking

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Wednesday, April 27, 2022

Specimen Tracking Using BLE, Active RFID, UHF & Passive RFID

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Thursday, April 28, 2022

Parking Systems Using BLE, Active RFID, UHF & Passive RFID

By IoT Specialists of GAO RFID Inc.

Targeted audience: tech executives, managers and staff, operations executives, managers and staff.

10:00 am to 11:00 am EDT (New York Time), Friday, April 29, 2022
